50 Cents a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

VOL. XIV.

CLAY CITY, KY., THURSDAY, MARCH 18, 1909.

NO. 11.

## The Tobacco Situation.

Night riders have resumed operations in the western part of the State. Plant beds of independent farmers are being scraped and sowed with grass. In the burley tobacco district no tobacco has yet been pooled, but an effort will be made later to get 80 per cent. of the crop pooled, and if they fail in this, it will all be thrown on the open market will mean that every one who raises the weed this year will do so at a loss.

## Embraces Religion.

Curt Jett, who is serving a life term in the Frankfort penitentiary for the murder of James B. Marcum, and who said he had been converted to Christianity, has made an exemplary prisoner and is said to be one of the best Biblical scholars in the penitentiary. Jett has written a story of his conversion, in which he asks Governor Willson to pardon him.

Indications are that there will be more plowing done this Spring in this county than there has been done before in many years. The Times is glad to see this the case, and if it had been kept up in the past few years instead of so much attention being given to timber we would to day all be in much better condition.

Yesterday was St. Patrick's day, but as there are no Catholic or Irish citizens in Clay City the event of the day was hardly mentioned or thought of.

The Jackson Electric Light and Ice plant which recently went into bankruptcy, will be sold at public auction March 29.

P. Johnson has been appointed postmaster at Knowlton this county in place of A. J. McIntosh resigned.

Several cases of small-pox in a mild form are reported on Doe creek, Estill county.

## SPRING.

The croaking frog has told us that Spring is here a dozen or more times. The blue bird is on the wing, and the robin redbreast has been in evidence for some weeks. Flocks of blackbirds are seen in the air and the killdeer utters its weird note. The little song sparrow is fairly bursting with song and the grass grows green. To be sure, we may yet expect a little snow and blow during the remainder of the uncertain month of March, but there is that promise of better things in the long shadows and lengthened days, in the song of bird and murmuring stream that take from these days all dread of winter and fill one with new life and ambitions. To really get in harmony with the miracle of Spring is to be renewed in mind and body.

## Democrats Desert in Crucial Moment.

With complete victory almost within their grasp, the House allies, the insurgent Republicans and the Democrats, were deserted by a sufficient number of Democrats to save the Republican organization. In the end the rules were amended in three important particulars and the men who have been fighting to break the power of the Speaker gained ground. The tension was high throughout the session and many times the debate grew warm. Champ Clark, the minority leader, clashing once with Representative Dalzell and later with Representative Fitzgerald, the leader of the Democratic deserters.

B. F. Avery & Sons, one of the largest manufacturers of farming implements in the United States, have about decided to double the capacity of their already large plant at Louisville.

## Endorses the Amendment.

The Kentucky Good Roads Association met in Louisville last week, and pledged their support to the Bosworth-Wyatt amendment to the constitution. As the Kentucky laws now are, no county can levy a tax greater than 50 cents on the hundred dollars, and they cannot vote a bonded indebtedness for road, or any other purpose greater than 2 per cent of the total taxable property. Under such a law as this, none but wealthy counties can have good roads, but under the proposed amendment the opportunity for such counties as Powell to get good roads is doubled. The amendment in full follows:

"The credit of the Commonwealth may be given, pledged or loaned to any county of the Commonwealth for public road purposes, and any county may be permitted to incur an indebtedness in any amount fixed by the county, not in excess of 5 per cent of the value of the taxable property therein, for public road purposes in said county, provided said additional indebtedness is submitted to the voters of the county for their ratification or rejection at a special election held for said purpose, in such manner as may be provided by law, and when any such indebtedness is incurred by any county said county may levy, in addition to the tax rate allowed under Section 157 of the Constitution of Kentucky, an amount not exceeding 20 cents on the \$100 of the assessed valuation of said county for the purpose of paying the interest on said indebtedness and providing a sinking fund for the payment of said indebtedness."

Every voter in Powell county, and every other county where they have not now got good roads should support this measure. Then possibly we may get some good roads in the county, but a poor showing for improving them under present conditions.

In the Standard Oil case the Judge dismissed the whole jury panel because there were too many farmers in it! So it has come to the point when farmers, once the backbone of the nation, are not considered fit to make a jury. When corporations are on trial they must have a jury that can be worked, see?

The masters at Washington voted to increase their salaries one-half but the postal and other useful employees got a sneer when they asked for an increase. Why should the useful workers want more than three or four dollars a day? That's enough for such cattle. But the rulers? Why, of course, they need from \$30 to \$300 a day. They are made of different mud from the working class, you know. And then to think the foolish workers vote the masters into office after such treatment! This is a world of very peculiar people. The worse you treat the masses the more they admire you.—Ex.

## Circuit Court.

Circuit Court convened at Stanton Monday with Judge Benton on the bench and Commonwealth's Attorney B. A. Crutcher and County Attorney John D. Atkinson prosecuting for the Commonwealth. Judge Benton delivered a forceful charge to the grand jury. The grand jury is made up of the following gentlemen:

A. P. Bush, C. C. Clemons, I. S. Boone, R. L. Shimfessel, Frank Newell, T. N. Bowen, Thos. Conlee, Sr., Alvin Boyd, Noah Adams, Ab. Benningfield, H. H. Hoskin, Edwin Rose.

The petit jury is composed of the following housekeepers:

C. F. Conlee, I. N. Rogere, Miles Fortner, W. T. Gambo, Henry Benningfield, George Hon, W. T. Centers, W. N. Rogers, Clarence Estes, C. C. Lane, D. C. Morehead, W. H. Borders, Albert Welch, Wm. Baker, J. F. Martin, Jr., Thos. Chepey, Wingate Anderson, Frank Crisp, S. D. Rogers, Geo. Faulkner, W. F. Barnett, Charlie Bush, John Hammons, James Holman, A. Easter.

## Only Too True.

An exchange observes that a boy can sit on a sled six inches square tied to a sled moving nine miles an hour, but can't sit on a sofa five minutes for a dollar. A man can sit on an inch board and talk politics for three hours, but put him into a comfortable church pew for 40 minutes and he gets nervous, twists and goes to sleep. A man can pouch his cheeks with tobacco and the juice running down his chin feels good; but a hair in the butter simply knocks him out completely.

The ground is now dry enough to stir for the first time in three weeks.

The Cumberland and Northern Railway Company, with \$100,000 capital stock, filed articles of incorporation with the Secretary of State Friday. The road is proposed to run from Artemus, Knox county, to Beattyville.

Deputy Sheriff R. L. Daniel found a pair of store door lock keys while in the Snow creek neighborhood one day last week. Owner can have same by calling on Mr. Daniel and identifying the same.

Mrs. Mary Armstrong, of Knoxville, Tenn., is here at the bedside of her mother, Mrs. Hazelrigg, who is not expected to live but a short time.

Peach trees were ready to bloom this week when the light freezes came. In this stage it is probable that a portion of it has been killed.

## The Law and Justice.

A young man who was once undergoing an examination for license to practice law, when asked "what is law," replied: "An unequal distribution of justice."

This is not the intentions of the law, but that is the way it is sometimes administered.

Judge Landis, of Indiana about a year ago imposed a fine of \$29,000,000 on the Standard Oil Company for rebating. The enormous fine came about by the habitual abuse of the anti-trust law. The big corporation succeeded in getting a new trial, this time before Judge Anderson, of Illinois, who seemed to be working as much for the Standard Oil Company as any of their attorneys.

Judge Anderson in the beginning quashed one whole venire of jurymen because the most of them were farmers and said he preferred a jury composed altogether of business men. This act is without a precedence in the history of jurisprudence. The Judge ruled that not every rebate constituted an offense, but that every settlement did. This made the fines reduce in the aggregate from \$29,000,000 to \$720,000.

Such instances as this constitutes the greatest menace to the free institutions of the country. The law is a farce if Judge Anderson is right and if he is wrong the trial of big corporations before him are a farce.

Why should not this giant corporation pay for its breaking the law as any poor man, and in proportion to its means? If Judge Anderson's ruling were applied ordinarily, a man could sell whiskey every day in the year to another, collecting some money all along though not making but one final settlement in the year, he would be fined but once. Or a man could commit a dozen or more murders in a week or year, and at the wind up be tried but for one case of a week's a month's or a year's murder.

The ruling of Judge Anderson is rotten and intolerable to such an extent that a repetition of like conduct on the bench excites mob law, prompts night riding, and stimulates hatred and dishonesty in the bosom of the common people. But when the common people under such excitement perpetrate an unlawful act, are they tried in a bunch under one offense? We would say not. Big rewards are offered for the apprehension of each participant and under every offense each member is held accountable to the law.

This right? but if it is right to

dodge the law for the benefit of the rich Standard Oil Company, it is right to turn all night riders loose as this then is the only means of administering justice to these nefarious culprits.

When this big fine was imposed last year we said then the company could and would at the end defeat this act of justice and they did as we predicted.

## Man Who Pays his Debts.

The man who pays his debts and his taxes may be a blessing or a curse to the community. It depends on what else he does. In making this statement it is to be understood that by the word "debt" is meant the ordinary cash obligation which a man incurs in the transaction of his business. There are men who appear to believe that so long as they are not indebted to their neighbors for goods purchased, or the municipality or the state for the last tax levy they have discharged their whole duty and nothing more can be asked of them. But in reality a man's duty to his neighbor is limited only by his power to do his neighbor good, and his duty to the community by his ability to be of service to it. The community in which the prevailing statement is "What do I get out of it?" is one which does not and cannot prosper.

Threat has been made to thrash an editor in Western Kentucky, and his only crime seems to be that he tells the truth too truthfully and it hurts some of the citizens. Suppose if his strictures were unfounded nobody would take notice of them. Supreme Court Justice Guy of New York, holds that it is a newspaper's duty to expose wrongdoing.

The Kansas legislature defeated a bill to give all parties representation on the election board. Dishonest men do not like to be watched, honest men have no fears. The Republicans came very near losing this state last fall.

We perhaps are a little impatient, but still we are waiting for our friend John Langley turnpikes in Powell.

The only people who really enjoy rising early are those who do not have to rise early and go to work.

## Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O.

## Stomach Distress.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take one triangule after supper to-night. There will be no sour rising, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for all stomach-misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion.

### Asks us to Print.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription forces the clogged inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.

The short cut to happiness is through the avenue of goodness.

**Is There Not Danger?**

Is it poor policy for the farmers and the laborers of the land to help build up less than a dozen large stores situated in great cities to do business of thousands of dollars in country towns. On Chicago concern does a business through the mails of \$60,000,000 a year. Twenty thousand dollars in business is about the average for the country town store. Here we have an example of one concern doing the business of 3,000 small stores. Is there not danger that should these great concerns through their immense business drive the local dealers out of trade that they would become like other great combines, oppressors of the people?
